Subject: Fw: draft agenda for next shale gas team meeting

Would I be able to get a copy of the list? I assumed she was referring to the information request letter response, but I guess that is not correct.

Karen, I can cover the topic since it spans WPD and HSCD. I understand both divisions are identifying individuals who have records on Dimock. (In our division, Nan Ides has been making that list.) I'll ask you and Pete to share the lists to me so I can set up a meeting with those folks about managing the records.

I am not involved in the management of information for Dimock. Maybe ORC?
